Dear Alice.

Just a few lines to show our appreciation of your nice comradeship, we sure did feel very much at home with you, we all thought you very sincere & we hope that you will soon have your husband restored to you & that you are able to enjoy a second honeymoon in England & visit us. We are all very pleased with war news & are looking forward to peace & a happier world to follow.

It is nice not to worry
about the devastated towns.
Personally, I find it very
hard to hate. Our card
games have been broken up as
we are on different works.
I have received a nice letter
from my favourite sister to
day my family are all well.
I am thankful to write. The
weather is fine for the time
of the year. I'm living with
the cooks I have a job to get
my trousers to meet at the
waist. We miss the green
vegetables we get at home
this time of the year. I have
not seen Jimmy or John for
a few days but no news is
good news. Enjoyed Cinema
to night. I hope you have
had some nice company.

& have not been worrying
too much. Plenty of nice
cattle about wish I could
drive a few hundred back to
Holland. The Boys are playing
cards now but more of a gamb-
ling game than bledge & I am
not fond of it. Kind regards to
your nephews. We have been
lucky enough to have visited
friends at Geffen & Cimegen.
It is nice to see the Spring
flowers. We shall all be pleased
to hear that you are well &
as happy as possible. Best
Wishes & many Thanks from
us all.

Kind Thoughts

Busty *W. H. H. H.*
